Here at **Settlers Tavern** we love wine! And so we should, we are on the main street of Margaret River township and as such have a very important role to play in the world of wine: providing wines in a casual atmosphere, to a unique and diverse audience, in a world famous wine region.

We have a **passion for wine** that's built on our relationships over the years with the producers and their representatives. We've built a wine programme to present Margaret River wines in all their glory whilst introducing a national and international selection to keep it interesting for the wine industry and wine adventurers.

Longevity in the wine industry and our business (since 2003) helps. We take a special interest in wine producers, whether small or founding, who are striving to match our ethos of caring for employees - **sustainability, eco and community minded** and just generally great to get on with; and it's very rewarding to have these local producers and winemakers as our customers.

Sustainability starts at the bar, we have not used plastic straws since 2010, nor plastic bottles since 2004 - we upcycle wine bottles for the chilled filtered water we serve at no charge; no plastic bags/takeaway containers, eco napkins and glass polishing cloths. **Wine crew** take a keen interest in wine, assist in keeping the list in order and can help with your selection. The small populations in rural country regions makes it very difficult to find people who have wine knowledge and want to work in hospitality, hence the wine list has much information for customers to explore themselves.

Coravin: Offering Rare & Limited wines by the glass. See 'wines by glass' list with notations.

Margaret River & West Australia: We have loads of wines from our region (see **Awards** above) with a separate page for our own regional classics chardonnay and cabernet; a special WA Pinot Noir page from neighbours further south, and many other wines from WA; we also have a wide range from other **Australian regions focussing on** interesting small-family wineries.

Natural wines: C* Bio-dynamic Ω Organic /sustainable § Un-sulphured V vegan

These wines are gaining popularity, refer to indicators in columns next to the wines.

International wines: We love Italian wines and have built up a great selection of wines from Piedmont (Nebbiolo) and Tuscany (Sangiovese). As well as New Zealand, North America: California, Oregon. South America: Chile, Germany, France, Spain, Austria, South Africa....

Rare & Limited Wines: Wines we've been collecting over the years, as well as wines that are highly allocated or awarded wines, with only a few available. Many of the wines have cork closures and are always kept in the cellar and will take a few minutes to retrieve.

**We hope you'll have fun exploring the choices on our wine list
as much as we've enjoyed choosing them for you!**

If you 'love the wine you're with' -why not take a bottle home? Most wines avail take-away – local at cellar door price.

The finish - black olives, spice, dark chocolate and dried fruits*

1 SPARKLING WINE

CHAMPAGNE is the historic province located in the north-east of France, best known for the sparkling wine that bears its name. It has one of the coolest possible wine producing climates. Only wines from this region are entitled to carry the "Champagne" name where only 3 grape varieties are grown: *Chardonnay, Pinot Noir & Pinot Meunier*. Champagne will always contain one, all or a blend of these. CHAMPAGNE is truly unique, compared to sparkling wine from other regions, partly because of unique soils the grapes are grown in, ancient oceans left behind chalk soil, contributing to the characteristic lightness and finesse.

RIESLING is the great white grape variety of Germany. It could claim to be the finest white grape variety in the world, on the basis of the longevity of its wines and their ability to transmit the characteristics of a vineyard without losing its own inimitable style. The wines can be drunk young but have great aging possibilities - taking on a whole new lease of life after around 5 - 6 years in the cellar - taking the wines from fresh and crisp, to textural and honey-like. RIESLING IN AUSTRALIA has a long history in the cooler regions of South Australia; along with the cool climate Tasmania and those of our own Western Australia - Mt Barker, Porongurups, Manjimup and Frankland River regions.

CHARDONNAY – ITALY

	bramito 'della sala' chardonnay '18 EST 1385 BY GIOVANNI ANTINORI - 26 GENERATIONS FAMILY OWNED	umbria	70
	First vintage of 'della sala' 1994 vineyards surrounding medieval castle Castello della Sala. Chardonnay thrives in this terroir, soils rich in fossil deposits with veins of clay that give the wine minerality and elegance. Different lots were treated separately, some went into oak and some into stainless steel vats, only the oak fermented lots underwent malolactic fermentation.		
	giulia negri 'la tartufai' chardonnay '18 'BAROLO GIRL' SLOW WINE 2020 YOUNG VIGNERON OF THE YEAR	langhe, piedmont	150
	The latest in a 150-year line of grape growers in the heart of the Serradenari Cru, the Langhe commune of La Morra, the highest point in the Barolo zone. Precision and freshness due to the cool altitude 500 m above sea level and the northern exposition of the rows of vines inherited from her father, allowing her to pay tribute to the great wines of the Côte d'Or through the lens of Piemontese soil.

Ω	dom. overnoy 'cuvée charmille' chardonnay '16 GUILLAME OVERNOY	orbagna, côtes du jura FR	100
ΩV	Young winemaker Guillaume is leading his family estate with energy, vision and expertise, respecting traditional practices of the Côtes du Jura appellation (whose inspiration naturally comes from his great-uncle Pierre Overnoy, who he visits on a regular basis, experimenting and aiming for sulphur-free winemaking). Vines planted on red marl in Orbagna in the lieu-dit Charmille. Round, creamy this chardonnay is a crowd-pleaser with spices and caramelised pear aromas.		
Ω	dom. overnoy 'cuvée vieilles vignes' chardonnay '15 GUILLAME OVERNOY	orbagna, côtes du jura FR	120
V	Intriguing Jura wines' technique of sous-voile, or under-the-veil wine making. The barrels are not entirely filled to begin with, not topped up as the wine evaporates and seeps into the wood. A beneficial layer of yeast (the veil) is encouraged, somewhat akin to the flor in Sherry. Vibrant, soft in texture, saline acidity, everything is in harmony. Very long and complex.

13 ROSÉ

While many people think of Beaujolais as light picnic wine that needs to be served chilled to be enjoyed, it's important to note that the Crus Beaujolais, especially in an exceptional vintage, can be outstanding with structure and elegance. The special Beaujolais characters come from the unusual way it is made, a long tradition called "*carbonic maceration*" where clusters of grapes are placed whole into fermenting tank, the fermentation literally takes place inside the grape. This gives the wine an ultra-fruity, savoury, cherry-like flavour and a hearty, rich, well-balanced, texture, bouquet & flavour. *In short, a delicious style of wine!*

FRANCE - GAMAY / BEAUJOLAIS

- Ω C** **chateau thivin 'les sept vignes' côte de brouilly - cru beaujolais '19 gamay** **beaujolais FR** **95**
 Very old, and many are bush-vines. Organics, biodiversity. Ancient, traditional gravity run cellar, uncrushed whole-cluster ferments, aged in large old barrels gives distinctive highly aromatic and deeply flavoured wines. *Young wines show exotic cinnamon spice, red berry compote; carbonic-maceration influence with juicy, rich flavours. Around 1% chardonnay added for extra finesse.*
 With time the wines become finer, rounder and more like Burgundy. **Drink 10 to 30 years or more**
- cellar **alex foillard 'brouilly' '18 gamay** **beaujolais FR** **120**
Ω QV Eldest son of Jean Foillard, Alex is in charge of everyday running of the family winery for his father where he also makes his own wines, **Cru Beaujolais**. *Brouilly is the Côte de Brouilly's slightly softer, more sensuous sibling - fragrant aromas of strawberries, cherries and cold wet stones and delicate mouthfeel. Very delicious, soft and fruity wines to drink now*
- cellar **jean foillard ONE OF THE GREAT WINEMAKERS OF FRANCE** **bio-dynamic / Organic / Vegan / Unfined & Unfiltered**
A cult hero amongst the very many young, free-spirited vigneron in France who are now looking back to nature to make fine wine, in his hands Pure Beaujolais - any wonder this wine is highly allocated! Must try for wine lovers who've not yet discovered this treasure of 'true' Beaujolais - crunchy fresh fruit, with a satiny - silky structure & delicate spice. *Elegant, soft, smooth, pure. HyperNatural organic and meticulous viticulture.*
- Ω QV** **'les charmes' eponym morgon '14 gamay - made to age** **beaujolais FR** **120**

- Ω QV** **'cuvée corcelette' morgon '17 gamay - A classic grand cru Beaujolais** **beaujolais FR** **130**
 Foillard's Morgons are deep, structured, complex - velvety lushness making them irresistible when young despite their aging potential. Traditional, whole cluster fermentation lasts from 3-4 weeks, he ages his wines for 6-9 months in used oak barrels sourced from top estates in Burgundy, a logical decision for someone crafting Gamay in a Burgundian style.

THE PASSION OF PINOT & "PINOTPHILES"

PINOT NOIR IS THE MOST INFATUATING OF GRAPE VARIETIES.

Noted British wine authority Jancis Robinson (MW) describes Pinot as "a passionate wine of pure pleasure and hedonism, engaging all of the senses; it is a wine we can wallow in. She goes on to say that, fanciers of great Burgundy and other pinot noir are the only group of wine aficionados to be assigned a collective noun (albeit a little dubious) "PINOTPHILES"

The grape's name is derived from the French words for "pine" and "black" alluding to the varieties' tightly clustered dark purple pine cone-shaped bunches of fruit; it is grown around the world, mostly in the cooler regions. The grape that was chiefly associated with Burgundy region of France has now gained strength in NZ, Australia & USA - all producing some of the world's finest wines, despite its difficulty to cultivate and transform into wine, (which tends to make it a little more expensive than other wines, but certainly worth it.)

Pinot Noir can range in flavours from 'farmyard' savoury and earthy aromas, to lighter, fruitier styles. The grape's colour when young, often compared to that of garnet, is often much lighter than that of other red wines, however, emerging styles from California and New Zealand highlight a more powerful, fruit forward and darker wine that can approach shiraz in depth. The colour of the wine whether dark or light red has no bearing whatsoever on its taste or quality.

Here at Settlers Tavern we love pinot noir and find it is one of the most popular reds on the list. We are especially pleased to be able to offer, listed below, a growing list of WA producers – mostly from the cool climate Great Southern region (Margaret River is not widely known for its pinot noir, but there's a growing number definitely worth a try.)

Be sure to check out the Rare & Limited pages in the Wine List you'll find some highly sort after, single vineyard, pinot noir. And finally, listed at the bottom of the page, some half bottles – a great opportunity to "drink less and enjoy more!"

Whatever way you look at it, there's something here to please both pinot novice and die-hard 'Pinophile'

🕒 THE WILYABRUP SUB-REGION OF MARGARET RIVER

The dominant flavours of Wilyabrup cabernet sauvignon (noted above):

blackcurrant/cassis, chocolate and red pepper with mineral ironstone. The wines are elegant, with a silky finish.

Dr John Gladstone's 1965 report stimulated great interest in the planting (particularly) of cabernet sauvignon in Margaret River recommending the area around what is now known as Wilyabrup as his preferred region for this variety. Dr Gladstones wrote:

"overall the evidence seems to me to point to the area along the coast road or slightly east of it (in any case not less than 1-2 miles from the sea) immediately west of Cowaramup northwards as far as perhaps Yallingup. This areas soils would be the critical factor in the southern part, west and northwest of Cowaramup; somewhere in the drainage areas of either Wilyabrup Brook or Big Brook."

PINOT NOIR - USA - CALIFORNIA

littorai wines Est 1993 by Ted & Heidi Lemon - a small, family owned and operated winery producing world class vineyard designated Chardonnay and Pinot Noir. The estate is farmed biodynamically as a self sustaining, integrated and diversified farm. 1981 Ted Lemon received Enology degree from the Université de Dijon and was the first American ever selected as winemaker / vineyard manager of a Burgundian estate, Domaine Guy Roulot in Meursault, and remained in Burgundy until 1984. He's worked at numerous wineries in France including Domaine Dujac (see below), many noted California wineries and consults at Burn Cottage NZ (see pg.15) He is a partner with the owners of Domaine Dujac in Druid Wine Company, which distributes Domaine Dujac wines internationally.

Littorai notes: The wines are terrior driven, however we would compare the (true) Sonoma Coast, Anderson Valley and the Russian River Pinot Noirs as follows:

Sonoma Coast: aromatics driven by spice tones (peppers, savory, sage, marjoram, Christmas cake (pain d'epices,) significant tannic structure and backbone.

Russian River: lush fruit tones of blackberry, raspberry and plums associated with rich, soft and lush mid palates.

Anderson Valley: combines the muscular tannins of the Sonoma Coast with the darker fruit tones of the Russian River.

Giulia Negri 'Balolo Girl' as she has become known is from a family with 150 years winemaking tradition at Serradenari.

Her parents allocated her a well-established Barolo estate at the age of 24 in the heart of the Serradenari cru of La Morra—

the highest point in the Barolo zone. LA Tartufaia is a blend of 80% Serradenari cru & 20% Brunate cru grapes (purchased, 40yo vines)

Named after the truffle fields Giulia's grandfather planted on the property before her father replaced them with vineyards

"Deliciously approachable, purity of fruit and plush tannin. The Brunate cru adds a luxurious layer of depth. Pleasure and pedigree." Anthony Lynch-Kermit Lynch

Ruby red, very rich aromas. Fresh tasting, intense, lengthy, full-bodied, rich, smooth tannins.

massolino 'parafada' barolo '14 docg BROTHERS ROBERTO & FRANCO MASSOLINO

serralunga 220

Est 1896, Massolino family has been making Barolo from the iron-rich soils of Serralunga for over a century. They farm 16 hectares in the

premier crus of the "appellation" of Margheria, Parafada, the family's first prime parcel of Serralunga and it is home to their oldest vines.

Best described as modern-classics, the wines highlight the very different exposures and soil compositions of the respective vineyards while

maintaining the distinctive Serralunga depth, muscularity, ferrous backbone so typical of the wines of the village - *defined by lovely purity and clarity.*

Rare wines consistently rank among the best of Piedmont. The wines are deceptive, luscious and approachable, replete with ripe fruit

and floral notes, but a hidden spine of structure and massive underlying tannins create an absolutely stunning Nebbiolo experience.

scarzello giorgio e figli 'vigna merenda' barolo '11

sarmasso 190

Scarzello Giorgio e Figli is a small gem of an estate housed right in the middle of Barolo. Four small plots of Vigna Merenda that produce

this wine come from the best part of Sarmassa. The wines are full to the brim of site specific character, charm, and power in equal measure.

Federico's work hails the re-birth of a great, traditional y made Barolo estate.

SPANISH RED
