

BAR ROCHFORD

Bar Rochford acknowledges the Ngunnawal people, the traditional custodians of the Canberra region, and recognises their continuous connection to culture, community and country.

Welcome to it.

PJ Harvey – This Is Love
Stories From the City, Stories From the Sea (2000)

I can't believe that life's so complex
When I just want to sit here and watch you undress
I can't believe that life's so complex
When I just want to sit here and watch you undress

This is love, this is love
That I'm feeling

Does it have to be a life full of dread
I wanna chase you round the table, I wanna touch your head
Does it have to be a life full of dread
I wanna chase you round the table, I wanna touch your head

This is love, this is love
That I'm feeling

I can't believe that the axis turns on suffering
When you taste so good
I can't believe that the axis turns on suffering
When my head burns

This is love, this is love
That I'm feeling

Even in the summer
Even in the spring
You can never get too much of
A wonderful thing
You're the only story that I never told
You're my dirty little secret, wanna keep you so
Come on out, come on over, help me forget
Keep the walls from falling as they're tumbling in

This is love, this is love
That I'm feeling

Chablis

Couple of Chardonnay's and see what happens? It's a good start to any situation really. The mineral driven whites of Chablis are the favourite of suits, sommeliers and chalkers all around the globe. Our focus here... Chardonnay from cult Chablis producers, who surround themselves in tradition whilst balancing the art of clean organic principles.

Whether its Petit Chablis for the workmates, Chablis for the graduation, Premier Cru Chablis to impress the father in law or a Grand Cru Chablis for the divorce, we've saved some for every occasion. Enjoy chalk-talk like never before.

Beaujolais

Beaujolais

Located to the north of Lyon in eastern France, the picturesque Beaujolais vineyards run along the Saône River, where winemakers have crafted delicious, supple and fruity wines since the days of Ancient Rome. The generous sunlight exposure and largely granite soils provide ideal growing conditions to showcase wines with excellent structure and brilliant expression. We've got our hands on a few of our favourites from some of the most prominent Beaujolais Crus to showcase one of our favourite varietals of all time... Gamay.

Some of our favourite Beaujolais from deep inside the Rochford cellar.

Magnums

The Magnum was collaboratively developed over a period in the early to mid-1930s by a group of individuals in a direct response to Colt's .38 Super Automatic. At the time, the .38 Super was the only American pistol cartridge capable of defeating automobile cover and the early ballistic vests that were just beginning to emerge in the post-World War I 'Gangster Era'.

Tests at the time revealed that those vests defeated any handgun bullet traveling less than about 1,000 feet per second (300 metres per second). The .357 Magnum just edged over that velocity and was able to penetrate car doors and vests that bootleggers and gangsters were employing as cover.

Be the .1500 gangster, blow the door right off.
